More on the explanatory notes :

1. Ama no Iwata Wake no Mikoto (天石門別命/Door of the Heavenly Rock-Dwelling) is essentially a guardian spirit of mountains, stones, gates, and boundaries between things in general. The name connotes a strongly built, highly defensible entrance to the celestial world. (The "god of borders" is why Reimu comments that he's not really much help, since there's a youkai with power over borders)

2. Ooguninushi no Mikoto (大国主命) is a descendant of Susanoo, the annoying bastard who chased Amaterasu into a cave (incidentally, a cave called Ama no Iwata). He is generally considered to be a kind and powerful spirit. Incidentally, there's a tale called "the white rabbit of Inaba" about a rabbit that tricks a bunch of crocodiles into lining up so it can cross from an island into the country of Inaba. When it jumps off the last croc, it makes fun of them for being stupid enough to let it do that, so they beat it up and rip off all its fur. A human-looking spirit comes by and tricks the rabbit into rubbing salt water into all its wounds. A kinder-looking human spirit tells the rabbit how to heal itself after the rabbit confesses what it's done. The kinder spirit is Ooguninushi no Mikoto.
Ooguni (大国) can also be read as Daikoku, hence Daikoku-sama
Daikoku-sama, also known as Miraku Daikoku Tenjin, is a demigod who brings wisdom, happiness, prosperity, etc to humankind

3. Zenki and Goki, a strong pair of shikigami that was originally used by the famous Onmyouji, Abeno-seimei

T/L Note: Lord Daikoku (大国) can also be read as Ooguninushi no Mikoto (大国主命/Master of the Great Land) is another god of Japanese folklore. In his particular story he helps save a white hare of Inaba hence why they would admire and include him in their song. As for the 180 children. It seems to refer to Oguninushi no Mikoto and his seven empresses, of which there were 180 children/descendants of divine nature.

TRANSLATION NOTES

PAGE 10

Chang'e (嫦娥), is a Chinese pronounciation of "Jouga" (in Japanese)

The story of Jouga is a story about a heraic, virtuous man named Kougei. One day, ten suns rose into the sky, and he shot nine of the them down with one shot, making the world a much less painful place to live in again. One day he meets an old sage while hunting. The sage gives him a potion of eternal youth and life, but if he were to drink it he would ascend to heaven and leave behind all of his friends on earth. Kougei, of course, couldn't dream of doing that, so he never drank the potion.

Now, a man named Houmon (same hou from Hourai) wanted to steal the potion, so he waits for Kougei to leave and sneaks into his house. Jouga, however, was still there, and in the end she drinks the potion so that Houmon can't get to it. In return, she immediately begins to ascend to heaven, but her thoughts for her husband are so intense that she ends up making it only to the moon, which is forever rounder and brighter as a result.

In another version of the story, the suns he shoots down are fake, Jouga is the daughter of a god of rivers. Kougei begins wish for long life. The Queen of the West (okay, I don't have the Chinese mythological background to do her justice, or even translate the damned name well) offers him a potion of immortality and tells him to drink it after a period of fasting. He hides it away in his house, but tells Jouga about it. She's afraid of being spurned by an immortal husband, so she drinks it, whereupon she alights into heaven. When he returns and figures out what happened, she escapes to a place where his bow can't reach her - the moon.

In the story version of Silent Sinner in Blue (Cage in Lunatic Runagate), Eirin writes letters for two princesses, and one of them is Watatsuki (綿月). In the past, Eirin was teaching them. They say there's a wave of disorder sweeping across the moon.
Even now, the lunar citizens are swept up in a flurry of speculation, provoking further unrest.
Some say the one behind the disorder is the sage that escaped to Earth.
That it's a counter attack by Lunn Yagokoro.

I'M SORRY, BUT I WON'T TAKE PART IN ANY REBELLION OR AGGRESSION
I HAVE NO MORE INTEREST IN WHAT HAPPENS TO THE MOON ANYMORE
BUT,

So, it is probably just a simple rumor.

About Newton Science Magazine

It was started by a deal done with Australian Geographic by the Takamori family who originally started the magazine, back almost 20 years ago now. Now Newton is the number one science magazine in Japan, published monthly.

It began when the Takamori's was distressed that their son wasn't interested in science. So they took another approach to display all the scientific information in full-blown image. Kind of a graphic science magazine that would break down difficult concepts, and explain them very visually.

About Saturn V

The Saturn V (pronounced 'Saturn Five', popularly known as the Moon Rocket) was a multistage liquid-fuel expendable rocket used by NASA's Apollo and Skylab projects.

The Saturn V was designed under the direction of Wernher von Braun at the Marshall Space Flight Center in Huntsville, Alabama, with Boeing, North American Aviation, Douglas Aircraft Company, and IBM as the lead contractors.

In all, NASA launched thirteen Saturn V rockets between 1967 and 1973, with no loss of payload. The design payload was the manned Apollo spacecraft used by NASA for moon landings, and the Saturn V went on to launch the Skylab space station.

Silent Sinner in Blue.

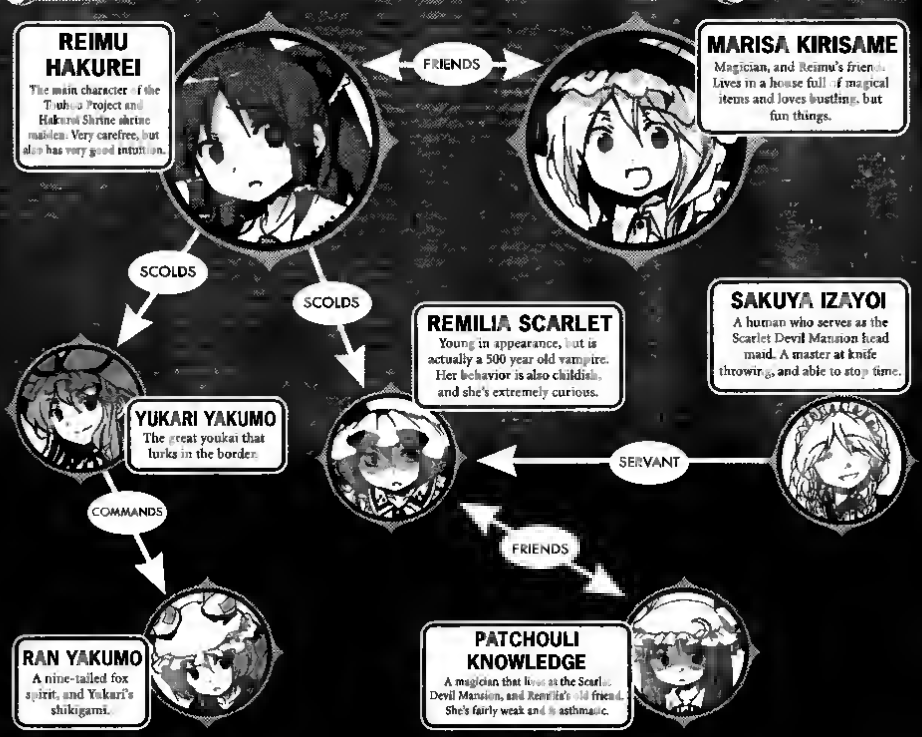
The wounded youkai rabbit that showed up on Reimu's doorstep was actually a rabbit from the moon. And now, that rabbit has made contact with Eirin, and goes back to the moon with her letter ———.

HAKUREI SHRINE The shrine where Reimu is the shrine maiden. It stands on the eastern edge of Gensokyo at the border to the outside world. It seems that objects from the outside world, and occasionally lost humans, show up there from time to time. Perhaps it's because youkai are always coming to visit Reimu, but the humans of the village don't often come to pay respects to the shrine.

SCARLET DEVIL MANSION The western-style mansion where Remilia and her friends live. It looks like the whole building was brought to Gensokyo from the outside world. Many maids live here, but aside from Sakuya, they're mostly useless. Beneath the mansion is Gensokyo's largest library, and it seems that Marisa comes here once in a while to borrow (steal?) books.

EIENTEI The manor where Kaguya and Eirin live. Since it's built deep within a large bamboo forest notorious for getting people lost, it's not easy to find. It's a very old-style Japanese manor, but it doesn't seem to have much aged at all; truly a mysterious place.



REIMU HAKUREI
The main character of the Touhou Project and Hakurei Shrine shrine maiden. Very carefree, but also has very good intuition.
FRIENDS
MARISA KIRISAME
Magician, and Reimu's friend. Lives in a house full of magical items and loves bustling, but fun things.
SCOLDS
SCOLDS
YUKARI YAKUMO
The great youkai that lurks in the border.
REMILIA SCARLET
Young in appearance, but is actually a 500 year old vampire. Her behavior is also childish, and she's extremely curious.
SAKUYA IZAYOI
A human who serves as the Scarlet Devil Mansion head maid. A master at knife throwing, and able to stop time.
SERVANT
COMMANDS
FRIENDS
RAN YAKUMO
A nine-tailed fox spirit, and Yukari's shikigami.
PATCHOULI KNOWLEDGE
A magician that lives at the Scarlet Devil Mansion, and Remilia's old friend. She's fairly weak and is asthmatic.

PATCHOULI KNOWLEDGE

One month ago

IF WE HAD HELP FROM SOMEONE AS STRONG AS YOU
I'M SURE WE COULD EASILY FIND SOMETHING OF VALUE.
AND SO...
WELL, ISN'T THAT AN INTERESTING STORY.
HMM...

MISS YUKARI WOULD LIKE TO IMPROVE THE QUALITY OF LIFE
OF THE YOUKAI OF GENSOKYO
WHO'VE RUN INTO A PERIOD OF STAGNATION.
THERE ARE MANY INTERESTING ITEMS AND TECHNIQUES IN THE LUNAR CAPITAL THAT DON'T EXIST IN GENSOKYO.
WE'D LIKE TO TAKE THEM AS OUR OWN FOR THE YOUKAI.
WHAT'S THAT?
YOU MEAN, SHE DOESN'T WANT TO LOSE TO THE MOUNTAIN TENGU AND KAPPA.
DON'T BE RIDICULOUS.

IT'S TRUE...
WHAT WOULD BE FUN ABOUT BEING A WAGE SLAVE ALWAYS WORRIED OVER LITTLE THINGS LIKE THEY ARE?
HOW-EVER,
THE CITIZENS OF THE MOON DON'T SHARE THAT WEAKNESS WITH THE OUTSIDE WORLD.
THE KAPPA AND TENGU OF THE MOUNTAIN ARE JUST HALF-HEARTEDLY MIMICKING THE OUTSIDE WORLD.
BUT IT'S LACKING SPIRITUAL POWER
THAT THE OUTSIDE WORLD HAS HARNESSED THE POWER OF SCIENCE AND TECH-NOLOGY

ONCE SEVERAL HUNDRED YEARS AGO MISS YUKARI WENT
TO THE MOON AND TRIED TO STEAL THAT METHOD.
YES
DIF-FERENT?
THEY'RE SOMEHOW
EVEN NOW,
THEY'VE DISCOVERED A METHOD TO OBTAIN A LIMITLESS ENERGY THAT LETS THEM PLAY EVERY DAY

WEREN'T THESE UNFORESEEN CIRCUMS-TANCES
REALLY JUST THAT SHE GOT BEATEN AND CHASED OFF BY THE LUNAR CITIZENS?
BUT, DUE TO UNFORESEEN CIRCUMSTANCES, SHE WASN'T ABLE TO SUCCEED...
THERE'S SOMETHING I WOULD LIKE TO KNOW
SO WHY ARE YOU COMING WITH THIS PLAN ALL OF A SUDDEN?
.....
BECAUSE THERE ARE MANY MORE YOUKAI NOW THAN THERE WERE THEN
IF WE ALL WORK TOGETHER,
WE CAN'T POSSIBLY LOSE THIS TIME

HMM.
WHAT'S HER PLAN?

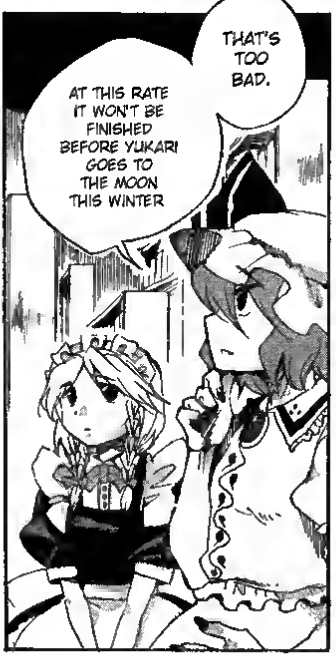
I MENTIONED THIS BEFORE, BUT...
IF SOMEONE AS STRONG AS YOU WERE TO COOPERATE IN THIS PLAN WE COULD EASILY FIND SOMETHING OF VALUE.

MISS YUKARI WILL ALTER THE BORDER BETWEEN THE REAL AND ILLUSIONARY FULL MOON REFLECTED ON THE LAKE THIS WINTER
WE'D LIKE YOU TO INFILTRATE THE MOON AT THAT TIME

WE'D LIKE YOU ALL TO SNEAK ON TO THE MOON
WHEN MISS YUKARI PULLS BACK THE BOUNDARY

THIS IS WHAT WE'VE GOT.
UNFORTUNATELY, I DON'T HAVE MANY DEFINITIVE REFERENCES TO WORK FROM.

WON'T COME TO FRUITION, DOESN'T IT?
MY. PLAN. TO. GET. TO. THE. MOON. BEFORE. YUKARI. AND. SURPRISE. HER.
AND- THAT- MEANS-



THAT'S TOO BAD.
AT THIS RATE IT WON'T BE FINISHED BEFORE YUKARI GOES TO THE MOON THIS WINTER

I THINK THERE ARE PROBLEMS WITH THE PLAN ITSELF, BUT...
RIGHT NOW THE LACK OF REFERENCE IS THE BIGGEST PROBLEM.

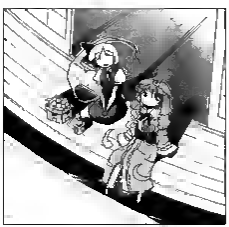
About Harvest Moon, Moon Viewing, and Dumplings

The Harvest Moon is the full moon nearest to the autumnal equinox, which occurs (in the northern hemisphere) on or about September 23rd, and in the southern hemisphere on or about March 21st. It is claimed by some that the Harvest Moon seems to be somehow bigger or brighter or yellower in color than other full moons. This is an illusion.

In Eastern Asia, they hold a festival to worship the moon around this time. In Chinese, one of the festival agenda is eating moon cakes outside under the moon. In Japan, they don't eat moon cakes, but instead make dumplings to be "offered" to the moon.

There's also a legend behind this festival, involving Chang'e and Jade Rabbit *(both appeared in chapter 2)*

The legend said that after Chang'e stole the pill of immortality from her husband, she flew to the moon. When Chang'e reached the moon, and breathless, she coughed. Part of the pill fell out from her mouth. Now, the hare was already on the moon, and Chang'e commanded the animal to make another pill from it, so that she could return to earth to her husband.
As of today, the hare is still pounding herbs, trying to make the pill.
Once a year, on the 15th day of the full moon, her husband visited Chang'e. That is why, that night, the moon is full and beautiful.



The dumplings are unrelated to the story, indeed.

Meanwhile, in Hakugyokurou The dumplings are unrelated to the story

WELL, THAT'S TODAY'S DATE, BUT...
GIVEN THE WEATHER WE'VE BEEN HAVING LATELY
I THINK IT'LL KEEP RAINING TONIGHT.
OH, I KNOW THAT.
WE CALL IT THE BRIGHT HARVEST MOON, BUT...
THIS NIGHT'S WEATHER HAS BEEN BAD AS LONG AS ANYONE CAN REMEMBER.
THEY SAY THAT NINE YEARS OUT OF TEN IT'S SO RAINY YOU CAN'T EVEN SEE THE MOON

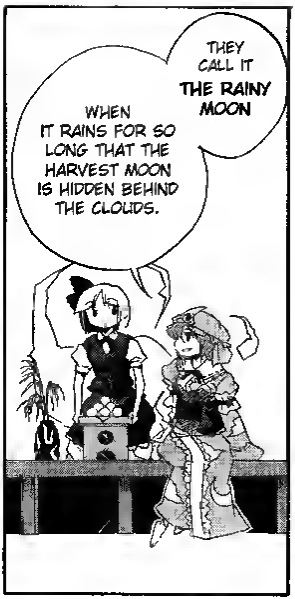
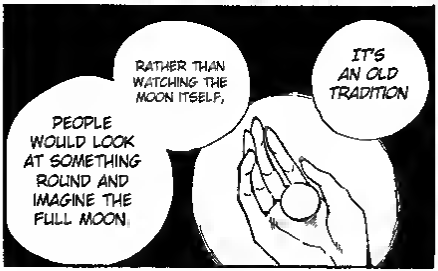
SOUNDS LIKE AN ACT OF DESPERATION.
IT'S FUN TO IMAGINE THE HARVEST MOON SHINING BRIGHT ABOVE THE CLOUDS.
NOT AT ALL



THEY CALL IT THE RAINY MOON
WHEN IT RAINS FOR SO LONG THAT THE HARVEST MOON IS HIDDEN BEHIND THE CLOUDS.



IT'S AN OLD TRADITION
RATHER THAN WATCHING THE MOON ITSELF,
PEOPLE WOULD LOOK AT SOMETHING ROUND AND IMAGINE THE FULL MOON.

WELL, TODAY'S THE AUTUMN HARVEST MOON, AND IT'S RAINING.

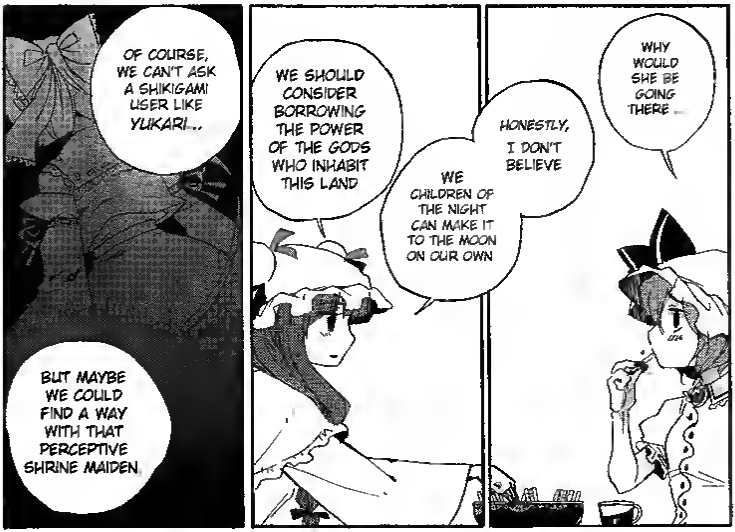
WE'LL SEE WHAT SHE FINDS.
WHERE'S SHE GOING?
TO THE SHRINE, IT SEEMS.



OF COURSE, WE CAN'T ASK A SHIKIGAMI USER LIKE YUKARI...
BUT MAYBE WE COULD FIND A WAY WITH THAT PERCEPTIVE SHRINE MAIDEN.
WE SHOULD CONSIDER BORROWING THE POWER OF THE GODS WHO INHABIT THIS LAND
WE CHILDREN OF THE NIGHT CAN MAKE IT TO THE MOON ON OUR OWN
HONESTLY, I DON'T BELIEVE

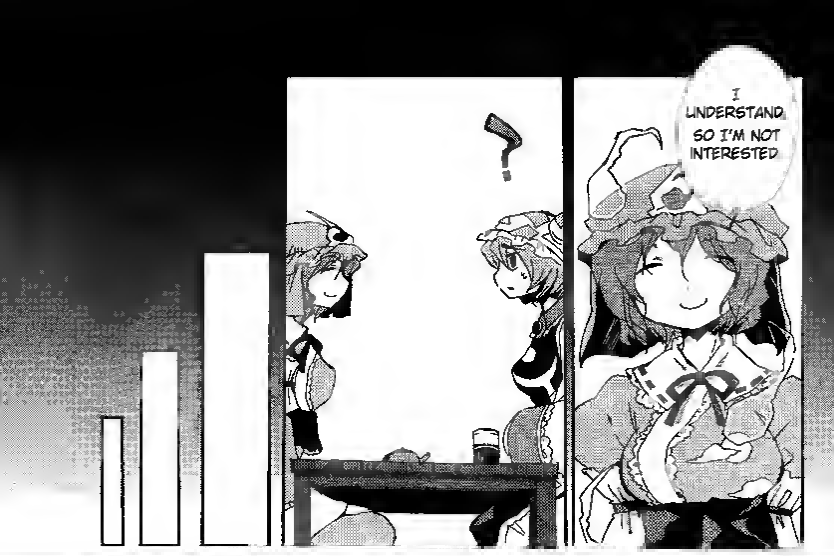
IF THEY WANT TO GO TO THE MOON, WHY NOT LET THEM?
IT LOOKS LIKE THEY'VE REALLY WANTED TO TRY...
KEEP AN EYE ON...
WHY?
MISS YUKARI INFILTRATED THE MOON ONCE, BUT WAS DEFEATED
SINCE THEN, SHE'S BEEN AWAITING A TIME TO RETURN AND HAVE HER REVENGE
AS YOU KNOW,

THEY SEEM TO BE CONSIDERING TRYING TO MAKE IT TO THE MOON ON THEIR OWN NOW
THOUGH, MISS YUKARI SAYS THEY HAVE NO CHANCE OF ATTAINING THAT GOAL WITHOUT HER HELP
SHE WANTED TO BORROW THE VAMPIRE'S STRENGTH
TO SHORE UP HER OWN POWER AND MAKE A RETURN.
BUT
.....
ON THE OTHER HAND ...
IT WOULD BE BAD IF THEY SOMEHOW MADE IT TO THE MOON, AFTER ALL.

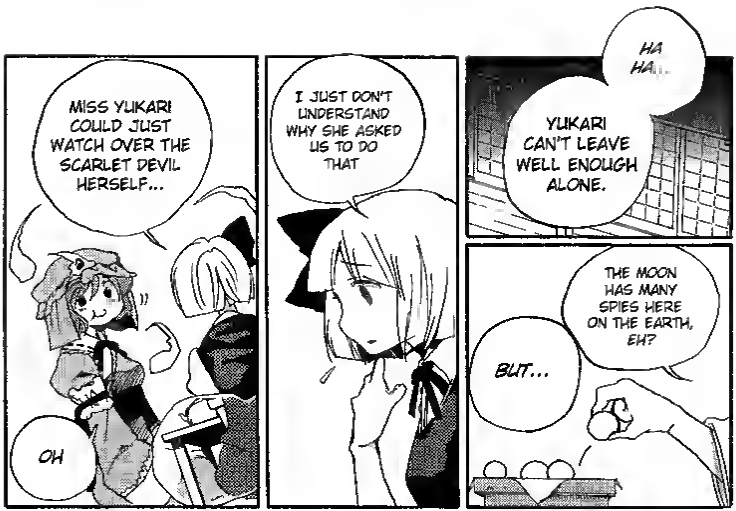
BECAUSE HONESTLY,
THEY HAVE NO CHANCE OF WINNING ON THEIR OWN
WHY IS THAT?
AFTER ALL,
THE LUNARIANS ARE QUITE STRONG.
IF INTRUDERS FROM THE EARTH SHOW UP,
LUNARIANS WILL BE ON THEIR GUARD ONCE MORE.

AND THAT
WOULD NOT PLEASE MISS YUKARI AT ALL
...I'm not interested.

You can't really believe that the vampire could make it to the moon
On her own DO YOU?
I UNDERSTAND
I-
I SEE...
MISS YUKARI SAID
MISS YUYUKO WOULD UNDERSTAND RIGHT AWAY, SINCE SHE SAW THE FIRST WAR FOR THE MOON'S SURFACE



I UNDERSTAND, SO I'M NOT INTERESTED
?



HA HA...
YUKARI CAN'T LEAVE WELL ENOUGH ALONE.
I JUST DON'T UNDERSTAND WHY SHE ASKED US TO DO THAT
MISS YUKARI COULD JUST WATCH OVER THE SCARLET DEVIL HERSELF...

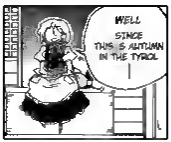
About Tyrol and Sumiyoshi



チロルの秋, aside from being a continuation of Mansa's "Autumn of XXX" jokes, is Autumn in the Tyrol (1924), a well-known one act play by Kunio Kishida, an ex-soldier turned writer who was a supporter of the creation of plays for their literary value, as opposed to simple propaganda works.

In Japan, the three stars in the belt of Orion are sometimes regarded as Sokozutsu no O (Man of the Deep Tube), Nakazutsu no O (Man of the Middle Tube), and Uwazutsu no O (Man of the Upper Tube), the three gods created as Izanagi bathed to purify himself on his return from the land of the dead. Together, the three "outer shell" gods are worshipped as Sumiyoshi, a god of good luck and safe voyage. The three Sumiyoshi gods are credited with protecting the voyage of the Empress Jinguu on her voyage to subjugate the Silla kingdom on the Korean peninsula.

So, yes, the whole concept behind the rocket is a pun between 三段の儀 (a three-staged cylindrical rocket) and the three 筒の男 gods.

There is a shrine dedicated to the Sumiyoshi in Fukuoka near Osaka, named The Sumiyoshi-taisha shrine. It is well known as one of the sites visited by the titular character in the Tale of Genji.

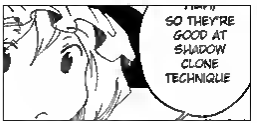
About Shadow Clone Technique



Similar to the Clone Technique, this jutsu creates clones of the user. Unlike the Clone Technique, these clones are actual copies, not illusions. The user's chakra is evenly distributed among every clone, giving each clone an equal fraction of the user's overall power.

The clones are capable of performing jutsu on their own and can even bleed, but will usually disperse after one or two solid blows.

They can also disperse on their own.

About Vintage Wine

A vintage wine is one made from grapes that were all, or primarily, grown in a single specified year. In certain wines it can denote quality, as in Port wine, where Port houses make and declare "vintage' Port in their best years

From this tradition, a common, though incorrect, usage applies the term to any wine that is perceived to be **particularly old** or of a particularly high quality.

Silent Sinner in Blue.

Yukari Yakumo, the youkai of boundaries, appeared before the laid-back tea-drinking Reimu, compelling her to study divination. Reimu went along with it, believing she was merely humoring a whimsical youkai, but in fact she was playing into Yukari's plans. Yukari, who mounted a failed invasion attempt against the moon over 1000 years ago, has begun to enlist the assistance of Gensokyo's youkai to try once more.

The vampire Remilia heard of her plan and began building a rocket to get to the moon before Yukari, but was unable to find suitable propellant. Yuyuko said she had no interest at all, but she understood Yukari's aim, and gave Youmu a message for Reimu. As a result, Reimu began preparation to summon the Sumiyoshi gods to serve as rocket fuel for Remilia's rocket.

— All the while, fugitives from the moon Eirin and Kaguya are gauging and preparing countermeasures against the unrest there..

It's Winter.
I bought a little futon so I drew a picture like that up there. I just want to laze around drinking sake and rolling around in it.
I want to go to Shikoku... It's too late this year. Maybe next year.
